SHELL U.K. OIL PRODUCTS LIMITED

Claimant

-and-

PERSONS UNKNOWN DAMAGING, AND/OR BLOCKING THE USE OF OR ACCESS TO ANY SHELL PETROL STATION IN ENGLAND AND WALES, OR TO ANY EQUIPMENT OR INFRASTRUCTURE UPON IT, BY EXPRESS OR IMPLIED AGREEMENT WITH OTHERS, IN CONNECTION WITH ENVIRONMENTAL PROTEST CAMPAIGNS WITH THE INTENTION OF DISRUPTING THE SALE OR SUPPLY OF FUEL TO OR FROM THE SAID STATION

**Defendant** 

### WITNESS STATEMENT OF BENJAMIN AUSTIN

I, Benjamin Austin of Shell Centre, London, SE1 7NA, SAY AS FOLLOWS:

### 1. INTRODUCTION

- 1.1 I am the Health, Safety and Security Manager for the Claimant.
- 1.2 Unless stated otherwise, the facts set out in this statement are within my own knowledge and true. Where facts are not within my own knowledge, they are true to the best of my knowledge and belief and I identify the source of my knowledge.
- 1.3 References to page numbers within this statement are to pages within the exhibit annexed as BA1 [BA1/ tab number/ page number].
- I make this statement in support of the Claimant's application for a precautionary (quia timet) injunction to restrain unlawful activity at Shell branded filling stations in England and Wales (the "Shell Petrol Stations"), following an attack upon one of the Shell Petrol Stations by protesters on 28 April 2022, and in light of the other recent threats as described in this statement.

- 1.5 The Claimant forms part of the group of companies ultimately owned and controlled by Shell plc, a company incorporated in the United Kingdom and listed on the London Stock Exchange. Shell plc and its direct and indirect subsidiaries are referred to collectively in this statement as the "Shell Group". The Claimant is the relevant operating company of the Shell Group.
- 1.6 The injunction is being sought against individuals who have stated their aim as disrupting the lawful activities of the Claimant: In particular, such individuals are hoping to procure enough publicity and support behind their cause to encourage a change in the Government's energy policies to end the extraction and use of fossil fuels. I understand that: (i) many of these individuals belong to campaign groups known as Just Stop Oil, Extinction Rebellion, Youth Climate Swarm and Scientist Rebellion; and (ii) Just Stop Oil, Youth Climate Swarm, and Scientist Rebellion appear to be 'offshoot' groups from Extinction Rebellion.
- 1.7 At the outset of this statement, I wish to be clear that the Shell Group, including the Claimant, does not seek this injunction to prevent protestors connected to the abovenamed groups or otherwise, from undertaking peaceful lawful protests whether any such protests arise near to or at any of the Shell Petrol Stations or otherwise.
- 1.8 However, the events which I describe below are deeply concerning, first and foremost because they pose a very real, continuing and significant danger and threat to the health and safety of staff, contractors, the general public and other persons which visit the Shell Petrol Stations. Therefore, the Claimant has decided to make its application in an attempt to prevent not only potentially unlawful activities, but to mitigate against a serious risk to the health and safety of not only the Defendants themselves but other members of the public, including employees and agents of the Claimant, who may be affected by the Defendants' activities.
- I appreciate that it may seem that there has been a delay between the time of the activities undertaken and explained in more detail below and the making of this application. That is in part driven by a need, and desire, to understand the likely threat, both in terms of intended action by the Defendants and in terms of understanding how best the Claimant could seek to mitigate that given the number of Shell Petrol Stations. That has required discussions and decision making internally which has proved more difficult than usual as a result of the bank holiday weekend. In addition, it has required seeking advice from external legal counsel (both solicitors and leading counsel) in order to understand how best to achieve protection of all of the Shell Petrol Stations which I understand raises some complex legal issues. All of those things have happened as quickly as reasonably possible in all the circumstances.

### 2. MY ROLE AND RESPONSIBILITES AT SHELL

- 2.1 I am employed by Shell UK Oil Products Ltd, as the Health, Safety and Security Manager. I have been in this role since April 2020 and have been employed by the Shell Group since 2015.
- 2.2 In my role I am responsible for the health, safety and security measures at all Shell service stations throughout the United Kingdom including the Shell Petrol Stations. I am therefore familiar with all of the relevant Health and Safety concerns and obligations associated with the running and management of the Shell Petrol Stations.

### 3. THE SHELL PETROL STATIONS

- 3.1 The Shell Group is the world's largest single branded retailer with 44,000 retail service stations in over 66 countries. It serves 25 million customers each day (approximately 400 million litres of fuel) and offers the widest range of quality fuels tailored to meet the needs of each market.
- 3.2 The Claimant markets and sells retail fuels through the Shell Petrol Stations which constitute a network of 'Shell-branded' service stations. The retail network through which fuel is sold in the UK is divided into two main categories: (i) direct; and (ii) indirect. In summary:
  - 3.2.1 The direct retail category ("**Shell owned sites**"). This involves a network of retail service stations where the Claimant owns or leases the land where the retail site is located and typically will own the structures and equipment at site. The Claimant does not actually operate these sites. Day-to-day operations are sub-contracted to a third party retailer, who runs the premises and employs the staff. However, the Claimant has control over most of the operational aspects including hours of operation, health and safety, payment and inventory and the type of goods offered.
  - 3.2.2 The indirect retail category ("**Dealer owned sites**"). This involves a network of retail service stations where the Claimant neither owns nor leases nor operates the site. Rather the retail site is owned/leased, and staffed and operated, by an independent, third party. However, the Claimant:
    - supplies the dealer with Shell-branded retail fuels typically, the dealer will purchase fuel from the Claimant in bulk, and the Claimant will arrange for delivery of the fuel direct to the storage tankers at the dealer-owned site; and
    - (b) permits dealers to use the Shell brand and sell Shell-branded fuels to consumers at the relevant retail site. Typically, the Claimant will control only the branding on the petrol station forecourt (i.e., the area of the retail site where the fuel is pumped into customer vehicles and sold).
- 3.3 All petrol stations in England and Wales which are Shell branded will fall within one of these two categories. I can confirm, as I understand this is an issue with regard to service of this application, that as a result of the level of control the Claimant has it will be feasible for us to require warning notices to be displayed at all Shell Petrol Stations that are Shell owned sites (these represent at least half of the Shell Petrol Stations). I can confirm that we will also request that the warning notices are displayed in the same way at all Dealer owned sites. While we do not have the same level of control over these sites, I expect that almost all, if not all, such Dealer owned sites will action that request, as it is in their interests to do so.
- 3.4 There are 1,062 Shell Petrol Stations in England and Wales. Typically, the Shell Petrol Stations consist of:
  - 3.4.1 The forecourt this is the area of the retail site which customers will use (via vehicles and on foot) where the fuel is delivered to vehicles from the fuel pumps, where drivers leave vehicles when visiting the retail store or dealing with issues such as car washing or putting air in tyres, and where fuel lorries offload their fuel;

- 3.4.2 the retail store these are also located on the forecourt and vary in size. Usually, customers will use the stores to pay for their fuels and any other goods purchased from the stores as needed; and
- 3.5 The fuel storage tanks are typically located under the forecourt, and obviously contain varying, but very significant quantities of flammable fuels of different types.

### 4. HEALTH AND SAFETY

- 4.1 The health and safety of the Claimant's staff, the staff of its contractors, and of the general public, is of paramount importance, and matters potentially affecting that health and safety are given the highest priority throughout the Shell Group. The Shell Group's approach is reflected in what is referred to as the 'Goal Zero Ambition': that is, that nobody who works for or with the Shell Group should be harmed. We strive to achieve this, by upholding consistently high safety standards across the Shell Group and expect all employees and contractors to meet them.
- 4.2 I do not have to explain to the Court that the fuels sold at the Shell Petrol Stations are potentially very dangerous substances, not least because they are highly flammable.
- 4.3 The way in which fuel, and petrol filling stations, are managed and operated is tightly regulated. These matters are closely regulated in the UK. Petrol filling stations fall within the scope of (among others) the Dangerous Substances and Explosives Atmosphere Regulations 2002 ("DSEAR") which relates to the risks from fire, explosion and similar events arising from dangerous substances in the workplace and imposes various requirements to identify and take steps to mitigate those risks. The industry "Petrol Filling Stations - Guidance on Managing the Risks of Fire and Explosion" dated October 2018 (which is referred to as "The Red Guide"). This sets out industry best practice on the management of these risks at petrol filling stations. It includes a section regarding (at paragraph 7.2) [BA1/2A/25] the requirements of the Dangerous Substances and Explosive Atmosphere Regulations 2002 ("DSEAR") which apply to petrol filling stations, and the industry best practice as regards the controls that should be adopted to protect areas where explosive atmospheres may occur from sources of ignition. The pumps are in a zoned area that has the potential to have a level of fuel vapour in the air that could be ignited by uncontrolled activities when strict fire risk management controls are not in place and adhered to. It can be seen from this that very careful steps must be taken at petrol filling stations to ensure that areas of particular risk are identified and that significant steps are taken to ensure that those areas are isolated so far as possible from ignition risks.
- By way of further example, the Health and Safety Executive ('HSE') guidance on: (i) 'Storing petrol safely'; and (ii) 'Dispensing petrol as a fuel: health and safety guidance for employees' explains in plain terms the risks which are posed by petrol to health and safety when it is not handled and stored properly. In particular, I refer to the following passages:
  - 4.4.1 On the risks posed by petrol generally when it is not stored correctly: "[petrol] can easily be set on fire and when not handled safely has the potential to cause a serious fire and/or explosion. This means there is always a risk of a fire and/or an explosion if there is a source of ignition nearby, for example a naked flame, an electrical spark or similar. Because of these risks storing petrol safely is covered by legislation; and this applies to you if you store petrol"

### (Storing petrol safely [BA1/1/1]); and

4.4.2 Further, and in respect of the specific dangers posed by sites dispensing petrol, such as a petrol station:

"Petrol - the dangers

- Petrol is a highly flammable liquid which can give off flammable vapour, even at very low temperatures. This means there is always a risk of fire or explosion if a source of ignition is present;
- It floats on the surface of water and may travel long distances, eventually causing danger away from the place where it escaped;
- Petrol vapour does not disperse easily and may also travel long distances. It tends to sink to the lowest possible level and may collect in tanks, cavities, drains, pits, or other enclosed areas, where there is little air movement;
- Flammable atmospheres may be present in empty tanks and petrol cans. There is also a danger if petrol is spilled on clothing, rags etc;
- Petrol vapour can be harmful if inhaled. Petrol should not be swallowed and contact with the skin should be avoided".

(Dispensing Petrol as a fuel: Health and Safety Guidance for Employees [BA1/2/5]).

- As is clear from this, any work or activity in the area of the pumps must be strictly controlled and managed. This is why even mobile phones should not be used at petrol filling stations, as they are an ignition source risk. I refer in this regard to the Highway Code (dated 25 March 2022) which states (at pages 220 and 221) that in respect of "Petrol stations/ fuel tank/ fuel leaks [...] Never smoke, or use a mobile phone, on the forecourt of petrol stations as these are major fire risks and could cause an explosion" [BA1/3/15]. It appears to me that many, if not all, of the video clips and photographs that I refer to in section 6 of this witness statement have been filmed or taken on mobile phones on the forecourts despite the ban on the use of such equipment in that location. For example, in the clip I refer to at paragraph 6.3.3, a protestor wearing an orange high vis vest can be seen checking his phone; on the report I refer to at paragraph 6.3.7, a protestor can be seen recording another protestor using a phone.
- 4.6 The management of Shell are very concerned that acts of sabotage to equipment on the forecourt of a Shell Petrol Station are potentially extremely dangerous, possibly resulting in a fire or an explosion. Breaking the pump screens with any implement could cause a spark and in turn potentially harm anyone in the vicinity. The severity of any vapour cloud ignition could be catastrophic and cause multiple fatalities. Unfortunately, Shell Group has tragically lost several service station employees in Pakistan in the last year when vapour clouds have been ignited during routine operations. This reinforces our very real concerns regarding the extreme risks caused by protestor activity on 28 April 2022 and that I anticipate will continue.

### 5. PREVIOUS DISRUPTIVE PROTEST

5.1 The Shell Group has been the subject of a number of protests in the past which have gone well beyond peaceful protest.

### Protests in April 2019 at Shell Centre Tower

- The building which is known as the 'Shell Centre Tower' located in London (the "Shell Centre Tower"), has been the focus of protestor action.
- 5.3 The Shell Centre Tower was targeted by Extinction Rebellion on 15 April 2019, with significant damage being inflicted to the building:
  - (a) Three protestors glued themselves to the revolving doors at the Shell Centre Tower;
  - (b) Two protestors painted symbols on the glass doors, whilst others sprayed slogans and drawings on the walls of the Shell Centre Tower;
  - (c) Another protestor smashed one of the glass panes in the revolving doors (which she was glued to); and
  - (d) Two protestors climbed onto a canopy overhanging the revolving doors where they remained until the following day.
- 5.4 Since April 2019 the Shell Centre Tower has been the subject of a number of further protests, up to and including this month when protestors again gained entry to Shell Centre Tower and glued themselves to the reception desks. In addition to those actions minor damage has been caused (such as by people pouring black, oily substances, onto parts of the building or by gluing themselves to parts of the building). The protestors have, in these actions, made it clear that the Shell Group is a target and the Shell branding, both at the Shell Centre Tower and at the Shell Petrol Stations is, I believe, a focus for their campaigns.
- 5.5 I believe that this shows that it cannot be assumed that protesters will act in ways which respects the health and safety of others. During this incident alone, I understand that more than 750 staff had to be evacuated from the Shell Centre Tower.

### Wider disruptive protests against the oil industry

The Court will no doubt be aware that in recent weeks there have been a large number of protests which have been carried out under the banners of Just Stop Oil, Extinction Rebellion and Insulate Britain, or by people declaring their support for their various movements. These protests have frequently involved protesters sticking themselves to roads or objects, and causing damage. Recent examples which have been widely covered in the media have included incidents of protesters climbing onto fuel delivery lorries and cutting the air brake cables so that the lorries cannot move, and tunnelling under roadways to seek to make them impassable to lorries. These protests have included protests at oil terminals, including oil terminals owned by the Shell Group at Kingsbury and Shell Haven. The protestors appear to be resorting to ever more dangerous tactics, including climbing onto equipment used for storage of fuels and tampering with safety equipment, such as valves, at those sites, including at the Kingsbury terminal owned by the Shell Group.

### 6. 28 APRIL PROTESTS – COBHAM AND CLACKET LANE SERVICES

As has been widely reported in the media, on the morning of 28 April 2022, a number of protestors acting under the banner of Just Stop Oil met around 7am in the morning at two petrol filling stations on the M25, namely at the Clacket Lane and the Cobham service stations in Surrey (the "Clacket Lane Services" and "Cobham Services" respectively). In this regard, I refer to the statement released by Just Stop Oil on 28 April 2022 [BA1/4/17]. The petrol

- filling station at Cobham Services is a Shell Petrol Station. The protesters sought to disrupt the operation of the filling stations in various ways, including by damaging and graffitiing the pumps and by gluing themselves to parts of the filling stations and the equipment upon them.
- I have been shown and refer to five clips of video footage which I understand to have been taken on 28 April 2022 at the Clacket Lane Services and the Cobham Services, and subsequently published on one of the Defendants' (Just Stop Oil) websites. These videos show members of Just Stop Oil variously:
  - (i) smashing the display screens of fuel pumps with a hammer;
  - (ii) covering display screens in spray paint;
  - (iii) referring to their action as "sabotage"; and
  - (iv) blocking the entrance to the service station forecourt.
- By way of particular examples (I note that the videos are available online via: <u>Press Media PUBLIC Google Drive</u>):
  - 6.3.1 Standing at the front of the Clacket Lane Services forecourt (a BP-branded filling station) one male states: "my name's Nathan. I'm twenty-two years old and just now I've sabotaged one of the kiosks at this petrol station to stop the flow of petrol, the flow of diesel coming out of here, to stop the burning of something that's quite literally burning the lives of billions around the world, and burning the future of every single generation after [...]" (Ref video 'Nathan\_McGovern\_Clackett\_Lane\_M25\_ 2804042022': Press Media PUBLIC Google Drive);
  - 6.3.2 Sitting at the front of the Clacket Lane Services forecourt, one male accompanied by a woman states: "We are at the Clacket Lane Services Eastbound M25. We are blocking the forecourt now to this BP petrol station for about 4 hours [...] some supporters of Just Stop Oil have sabotaged the petrol pumps. So far no one has been arrested or removed" (Ref Eben\_Clackett\_Lane\_M25\_28042022: Press Media PUBLIC Google Drive);
  - 6.3.3 Hammering at one of the forecourt fuel pumps at the Cobham Services, and then turning to the camera, a woman states: "Hi I'm Louise, I'm twenty-three and I'm doing this because currently the Government doesn't care about our lack of futures, that inaction on the emergency which is our climate crisis is literally going to destroy lives in the next 10 to 20 years [...] because they are doing nothing, we are listen" forced to cause disruption to make them (Ref Louise\_Cobham\_Lane\_M25\_28042022: Press Media - PUBLIC - Google Drive);
  - 6.3.4 Sitting at the front of the Cobham Services forecourt, a man states: "We're here with Just Stop Oil outside the Shell petrol station. We're here protesting at the continued investment in fossil fuels that the government is putting in [...]"(Ref Cobham2\_M25\_28042022: Press Media PUBLIC Google Drive); and
  - 6.3.5 This final clip has no narrative, but just shows an individual hammering at the fuel pump gauge at the Cobham Services (Ref Cobham1\_M25\_28042022.mp4 Press Media PUBLIC Google Drive).

- 6.3.6 I also exhibit still photographs variously showing damage done to the fuel pumps and other acts of vandalism:
  - (a) Five individuals on the forecourt at the Cobham Services, at least two of whom are using a hammer against the fuel pump display screen [BA1/5/18];
  - Three separate display screens on three fuel pumps at the Clacket Lane Services having been smashed and spray painted [BA1/6A/19] [BA1/6B/20] and [BA1/6C/21]; A male who has superglued his hand to the forecourt floor (albeit at which service station it is not clear) [BA1/7/22];
  - (c) A female who has superglued her hand to a fuel pump at the Clacket Lane Services and handcuffs around her wrist [BA1/8A/23], [BA1/8B/24] and BA1/8C/25]; and
  - (d) Two females who appear to have superglued their hands together whilst sitting on the forecourt of one of the service stations [BA1/9/26];
- 6.3.7 I also understand, both from News Reports published on 28 April 2022 and reports provided to me, that one individual also superglued themself to the roof of a cab of a fuel tanker making a delivery to the Cobham Services A Sky News Report dated 28 April together with video footage can be accessed via the following link: Climate protesters Just Stop Oil damage petrol pumps at motorway service stations more than 20 arrested | UK News | Sky News.
- Across the two service stations, the media and Police has reported that 55 pumps were damaged. I refer to a report by the Independent dated 28 April 2022 together with video footage can be accessed via the following link: <u>Just Stop Oil activists damage pumps, block two M25 petrol stations | The Independent;</u> and [BA1/10/27], which is a press release issued by the Surrey Police. To give that some context there are 36 pumps at Cobham Service Station and 35 of those were damaged so as to make them impossible to safely use and resulted in the whole forecourt being closed.
- Doubtless the protests at the Shell Petrol Station at Cobham Service Station have been very upsetting for the workers, who will obviously be particularly aware of the potential health and safety risks associated with the vandalization of fuel pumps and connected infrastructure.
- As well as the damaging of forecourts and equipment, and the gluing of people to parts of the forecourt, disruption was caused by people blocking the entrances to the forecourts. I believe that at least 5 protestors blocked the entrance to the petrol station forecourt at the Cobham Services, and likewise 6 protesters blocked the entrances to the petrol station forecourt at the Clacket Lane Services, by sitting in the entrance displaying a large orange banner with the words '*Just Stop Oil*'. Stills from the webpage of Just Stop Oil showing the protestors engaged in this activity, together with the police presence on site, are exhibited [BA1/11/29].
- As is self-evident, all of these activities are unlawful. I am advised that they all constitute trespasses, since they all occurred on private land and the implied licence of the public to enter such land does not extend to entry in order to block the land or damage things upon it. The sabotage of pumps and the sticking of people to equipment is also obviously unlawful activity.

- I note that following the protests, I have seen this release from Surrey Police [BA1/10/27] dated 29 April 2022, which confirms that at least four individuals, namely Nathan McGovern, Amber Alexander, Louis Hawkins and Rosa Sharkey have been charged with causing criminal damage and released on police bail with conditions as follows:
  - 6.8.1 Nathan McGovern is required to wear an electronic tag, must not enter the county of Surrey save for Court attendance, must not enter any petrol station or obstruct the entrance or exit to any part of a petrol station in England and Wales, and must not associate with the other abovenamed individuals; and
  - 6.8.2 Similarly Amber Alexander, Louis Hawkins and Rosa Sharkey must not enter the county of Surrey save for Court attendance, must not enter any petrol station or obstruct the entrance or exit to any part of a petrol station in England and Wales, and must not associate with the other abovenamed individuals.

### 7. ONGOING THREAT

- 7.1 I am not aware of anything which might suggest that the recent protests against petrol filling stations are a one-off incident that will not be repeated. The campaign of Just Stop Oil continues and the Claimant therefore believes that there is a real and imminent risk of further incidents of a similar nature to those seen on 28 April. I believe that there is every prospect that more incidents of the same nature will occur, and there is every reason to believe that these will involve Shell Petrol Stations, although clearly the Claimant cannot identify any particular petrol station which will be the target of such protest and is very unlikely to have any advance warning of any such protest taking place.
- Just Stop Oil has released a statement on its website which reads "Since April 1st when supporters of Just Stop Oil first began blocking oil terminals there have been over 1000 arrests. The supporters of Just Stop Oil will continue the disruption until the government makes a statement that it will end new oil and gas projects in the UK" (emphasis added) [Exhibit 4]).
- 7.3 The Claimant is very concerned that such future protests will:
  - 7.3.1 continue to involve similar unlawful activity;
  - 7.3.2 endanger the health and safety of staff, contractors, the general public and other visitors to Shell Petrol Stations; and
  - 7.3.3 involve further damage to Shell Petrol Stations and infrastructure upon it.
- 7.4 The Claimant is also concerned that the Defendants' acts may lead to violent confrontations with drivers who are unable to use the fuel pumps and whose journeys are significantly disrupted as a result. I have been shown and refer to a brief video clip of the Just Stop Oil protesters sitting on the garage forecourt at the Cobham Services on the M25, where a frustrated motorist can be seen in the background talking to police ('Ref Cobham3\_M25\_28042022': 28th April Google Drive)
- 7.5 These are risks of very serious potential consequence. I am sure that the Court can imagine that if the risk posed by the use of a mobile phone on a forecourt is sufficient to cause that to be prohibited, the potential consequences of taking a hammer to a fuel pump are very much more serious.

- 7.6 I also am aware from the news reports referred to above, pictures, videos I have seen and information from the service station staff, that the Just Stop Oil protestors were also using spray paint, which was applied to the damaged fuel pump display screens. I do not know exactly what type of paint was being used, but the use of spray paint (if oil-based) also gives me great cause for concern, as paint can itself also be a highly flammable substance.
- 77 The consequences for staff, contractors and the public are very serious, and are the Claimant's primary concern. The repeat of any such activity also directly harms the Claimant, Indeed, the avowed purpose and function of such protests is to disrupt the Shell Group's husiness of selling fuel to the public through its Shell Petrol Stations, which clearly harms the Claimant as well as those operating the Shell Petrol Stations, and the public who are unable to buy the fuel they require.
- 78 Consequently, I am advised that, although the Claimant does not itself own or control all of the Shell Petrol Stations, it is entitled to seek an injunction to prevent people conspiring to injure the Claimant's business by the use of these unlawful means.
- 7.9 In particular, I worry about the people in and around the Shell Petrol Station (i.e. staff, customers, contractors and the public at large). To me, the action taken most recently by Just Stop Oil represents an alarming escalation - it is clearly inherently unsafe that, in the 28 April protests, hammers were being used by protestors to vandalise fuel pumps and the associated infrastructure at petrol station forecourts.

#### 8. CROSS UNDERTAKING

8.1 I am advised that as a condition of granting an injunction a Court may require the Claimant to give an undertaking to meet any payment which the Court concludes that the Claimant should pay to anyone adversely affected by the proposed order, if the Court ultimately concludes that the order should not have been made. I am duly authorised to offer the Claimant's undertaking in this regard.

#### STATEMENT OF TRUTH 9.

I believe that the facts stated in this witness statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

# **ABOUT US**

Extinction Rebellion is an international movement that uses non-violent civil disobedience in an attempt to halt mass extinction and minimise the risk of social collapse.

**OUR VISION** 

**OUR STORY** 

### **OUR STRATEGY**

At the core of Extinction Rebellion's philosophy is nonviolent civil disobedience. We promote civil disobedience and rebellion because we think it is necessary- we are asking people to find their courage and to collectively do what is necessary to bring about change.

We aren't focussed on traditional systems like petitions or writing to our MPs and more likely to take risks (e.g. arrest / jail time). We don't want or need everyone to get arrested – for some this is not a good idea – but we do want everyone involved to support civil disobedience as a tool.

We are promoting mass "above the ground" civil disobedience – in full public view. This means economic disruption to shake the current political system and civil disruption to raise awareness. We are deeply sorry for any inconvenience that this causes.

We have made some decisions about security and our interactions with the police. We have made a strategic decision to communicate with the police about what we are doing when we believe that is more likely to enable things to go well (which we can't always be sure of). Except for the case where a small group is trying to do a specific action that needs the element of surprise, we generally don't try to be secure in our communications about plans. We expect that we have been infiltrated by those without our best interests at heart and suggest people bear this in mind.

We are about political change, not personal change (though we welcome the latter).

We are completely nonviolent, our actions are done in full public view and we take responsibility for them. We have an Action Consensus which outlines how we work together on actions.

### **OUR STRUCTURE**

# **OUR PRINCIPLES AND VALUES**

All are welcome who want to adhere to our principles and values:

### 1. WE HAVE A SHARED VISION OF CHANGE

Creating a world that is fit for generations to come.

### 2. WE SET OUR MISSION ON WHAT IS NECESSARY

Mobilising 3.5% of the population to achieve system change – using ideas such as "Momentum-driven organising" to achieve this.

### 3. WE NEED A REGENERATIVE CULTURE

Creating a culture which is healthy, resilient and adaptable.

### 4. WE OPENLY CHALLENGE OURSELVES AND OUR TOXIC SYSTEM

Leaving our comfort zones to take action for change.

### 5. WE VALUE REFLECTING AND LEARNING

Following a cycle of action, reflection, learning, and planning for more action. Learning from other movements and contexts as well as our own experiences.

### 6. WE WELCOME EVERYONE AND EVERY PART OF EVERYONE

Working actively to create safer and more accessible spaces.

### 7. WE ACTIVELY MITIGATE POWER

Breaking down hierarchies of power for more equitable participation.

### 8. WE AVOID BLAMING AND SHAMING

We live in a toxic system, but no one individual is to blame.

### 9. WE ARE A NON-VIOLENT NETWORK

Using non-violent strategy and tactics as the most effective way to bring about change.

### 10. WE ARE BASED ON AUTONOMY AND DECENTRALISATION

We collectively create the structures we need to challenge power. Anyone who follows these core principles and values can take action in the name of Extinction Rebellion.

# BREAKING: 'End Fossil Fuels Now!' Extinction Rebellion disrupt Barclays and Standard Chartered AGMs

May 04, 2022 by Extinction Rebellion

#ExtinctionRebellion #EndFossilFuels #ActNow

At 11 AM on Wednesday May 4th, Members of Extinction Rebellion, and sister movement Money Rebellion, disrupted the annual general meetings of Barclays and Standard Chartered, demanding both banks stop financing fossil fuels. A total of around 60 people interrupted speeches at both meetings, with some wearing masks of Standard

Chartered's Chairman, José Viñals, and the bank's CEO, Bill Winters, while at the Barclays AGM protestors set off personal alarms.

Barclays is the UK's largest investor in fossil fuels, having put over \$19.6 Billion into the industry in 2021 alone, while Standard Chartered financed over \$6 Billion in the same year, ranking them the third biggest UK bank investing in fossil fuels behind Barclays and HSBC. [1]

The action comes following a stark warning from the UN Secretary General earlier this month that investment in new fossil fuels is 'moral and economic madness'. [2] The recent IPCC report on climate change mitigation found that financial flows for fossil fuels are still greater than those for climate adaptation and mitigation and that meeting national climate targets would leave large amounts of fossil fuels unburned – meaning up to \$4 trillion in stranded assets in the US alone. [3]

Outside the Standard Chartered AGM, protestors displayed a banner reading "Standard Chartered is Here For Fossil Fuels" and read out letters addressed to Chairman José Viñals from frontline communities affected by Standard Chartered funded projects.

Student and member of Money Rebellion, Aidan Knox, 22, who took part in the action at the Standard Chartered AGM, said: "We are disrupting the AGMs because we are in a climate crisis, but Barclays & Standard Chartered are more interested in their profits than a habitable planet.

"The UN Secretary General said: 'We're at code red for humanity' and the International Energy Agency has called for no more investments in fossil fuel expansion if there's any chance to meet the Paris Agreement, yet Barclays has ploughed \$4 billion, and Standard Chartered \$3 billion, into companies expanding oil and gas in 2021 alone. From a pipeline in Mozambique to coal mines in Indonesia, right now, real people are suffering from these investments in fossil fuel projects.

"We are scared for the future and we have no other option but to pressure these UK banks to change."

Mitzy Jonelle Tan, a Fridays for Future Philippines activist, wrote an open letter to Standard Chartered CEO Bill Withers about the coal plants in the Philippines financed by them:

"San Miguel Corporation, which you finance through its parent company, has been evicting people from their homes, stealing land from farmers, and causing small fisherfolk to lose their livelihood. The companies you finance bring down ashfall on

everyone, covering homes with a soot that also smothers their cries of anger, and send armed men to destroy the communities of those who have been fighting back." [4]

Bill Winters is yet to respond.

Barclays and Standard Chartered AGMs are the latest to see disruption from protestors demanding an end to fossil fuel investments. HSBC's meeting was interrupted last week with protestors singing a a revised version of the Abba hit Money, Money, Money during the chairman's speech. [5]

"Banks can change the world but, right now, profit from the world's destruction. Something's gotta change. Are you going to change it or do we have to make you?" Said financial technology commentator Chris Skinner. [6]

Standard Chartered is also expected to face a shareholder revolt on their management remuneration policy and has faced shareholder revolts over executive pay at a number of previous AGMs. [7]

### ABOUT EXTINCTION REBELLION

Time has almost entirely run out to address the ecological crisis which is upon us, including the 6th mass species extinction, global pollution, and increasingly rapid climate change. If urgent and radical action isn't taken, we're heading towards 4 C warming, and the societal collapse and mass loss of life that that implies. The younger generation, racially marginalised communities and the Global South are on the front-line. No-one will escape the devastating impacts.

Extinction Rebellion believes it is a citizen's duty to rebel, using peaceful civil disobedience, when faced with criminal inactivity by their Government.

Extinction Rebellion's key demands are:

- 1. Government must tell the truth by declaring a climate and ecological emergency, working with other institutions to communicate the urgency for change.
- 2. Government must act now to halt biodiversity loss and reduce greenhouse gas emissions to net zero by 2025.
- 3. Government must create and be led by the decisions of a Citizens' Assembly on climate and ecological justice.

# Nustar Clydbank: Just Stop Oil protesters blockade oil terminal near Glasgow

Climate activists have blockaded an oil terminal to call for an end to new oil and gas projects.

### By Lucinda Cameron

Tuesday, 3rd May 2022, 9:38 am

Just Stop Oil said its supporters blocked access to the Nustar Clydebank facility in West Dunbartonshire by climbing on top of tankers and locking on to the entrance at around 4am on Tuesday.

Others entered the oil terminal, where 12 protesters are sitting on pipes and three are on the silos to halt operations.

The activists said they are taking action in support of their demand that the UK Government ends new oil and gas projects in the UK.

Climate activists have blockaded an oil terminal to call for an end to new oil and gas projects.

Climate change: Oil and gas production should be phased out to avoid an 'urgent ...

It is the first action its kind in Scotland since the Just Stop Oil coalition began blockading fuel terminals south of the border on April 1, which has seen more than 1,000 arrests.

Neil Rothnie, 69, a retired offshore oil and gas worker from Glasgow, said: "North Sea oil and gas does not offer energy security. The North Sea oil and gas industry has one priority and it is not the climate crisis. It's not the future of North Sea oil and gas workers.

"And it's certainly not whether the poor can stay warm. If the Government was serious about a just transition, we would be seeing it here in Scotland.

Climate activists have blockaded an oil terminal to call for an end to new oil and gas projects.

"Where are the turbine factories in Scotland? Where are the yards building platforms for offshore wind? Where are the projects to properly insulate our houses? When will we get free public transport?"

A Police Scotland spokesman said: "Officers are currently engaging with a group of people who are carrying out a protest at Rothesay Dock in Clydebank, which was reported to police around 4.10am on Tuesday 3 May 2022.

"Police Scotland is a rights-based organisation that puts our values of integrity, fairness, respect and a commitment to upholding human rights at the heart of everything we do.

"This means that we will protect the rights of people who wish to peacefully protest or counter-protest, balanced against the rights of the wider community."

The UK Government has been approached for comment.

Breaking: Just Stop Oil blockade key Glasgow Oil Terminal

#### Press / By JSO Press

Supporters of Just Stop Oil have disrupted oil supplies from a key Scottish oil terminal in support of their demand that the UK government end new oil and gas projects in the UK.

At around 4am, up to 40 Just Stop oil supporters blockaded the entrance to the Nustar Clydebank oil terminal in Glasgow by climbing on top of tankers and locking on at the entrance. Others have entered into the oil terminal itself and have locked on at height to halt operations. [1]

This is the first action of its kind in Scotland since the Just Stop Oil coalition began blocking the UK's oil supply on April 1st, which has resulted in over 1,200 arrests and numerous court appearances.

This action comes against the backdrop of the Government's recent energy strategy which failed to outline how it will ensure no-one is left behind in the coming transition to a zero-carbon economy, and failed to provide a route to widespread insulation which would protect the people of Scotland from the misery of cold homes in the face of ever increasing fossil fuel costs. [2]

The rationale behind Just Stop Oil's demand for no new oil and gas is backed up by the United Nations and the International Energy Agency. Meanwhile, the government is pushing forward with new oil and gas fields including Jackdaw and Cambo and plans a new Autumn licensing round. Maximising economic extraction while also claiming to have a zero-carbon strategy is leaving the country at the mercy of eye-watering energy costs and is "moral and economic madness." [3]

Eilidh, 20, a supporter of Just Stop Oil from West Lothian said:

"62% of Europe's oil comes from the North Sea and Scotland doesn't own a single drop of it. People in Scotland are currently suffering from fuel poverty whilst the billionaire oil CEO's get richer and richer. Oil is already having and will continue to cause disastrous impacts for Scotland".

A recent report outlined how the majority of workers in North Sea oil would welcome the ability to move from destructive oil and gas employment to well paid decent jobs; the Government's energy strategy was also lacking how this will be achieved. [4]

Neil Rothnie, 69, a retired offshore oil and gas worker from Glasgow said:

"North Sea oil and gas does not offer energy security. The North Sea oil and gas industry has one priority and it is not the climate crisis. It's not the future of North Sea oil and gas workers. And it's certainly not whether the poor can stay warm. If the government was serious about a just transition we would be seeing it here in Scotland. Where are the turbine factories in Scotland? Where are the yards building platforms for offshore wind? Where are the projects to properly insulate our houses? When will we get free public transport?"

The Just Stop Oil Coalition is calling on all of those whose futures are being destroyed, who are facing poverty and who are outraged at the prospect of continuing our dependence on

fossil fuels to step up and take action, join our daily zoom calls at 7pm. It's 2022 and the time to stand by has passed. [5]

- [4] https://www.greenpeace.org.uk/resources/offshore-oil-and-gas-workers-report/
- [5] About Just Stop Oil

Just Stop Oil is a coalition of groups working together to demand that the government immediately halt all future licensing and consents for the exploration, development and production of fossil fuels in the UK.

We must urgently end our reliance on fossil fuels to avoid irreversible changes in the earth's climate system. We cannot continue to burn fossil fuels in the belief that future developments in carbon capture and storage and other so-called "unicorn technologies" will allow us to suck vast quantities of carbon dioxide from the atmosphere.

The UK must begin this process immediately. It starts by calling a halt to any further fossil fuel projects on the UK Continental Shelf. That would give us eight years of fossil fuel production left in which to rapidly transition to a zero carbon economy.

Everyone knows we have to engage in massive changes. Just Stop Oil is a coalition of groups demanding the no-brainer things be done immediately – actions that will reduce the demand for fossil fuel energy dramatically such as insulating our homes, rethinking how we travel, getting on with renewable energy and making sure no-one is left behind.

We either come together as humanity or we die. Youth know which they choose. They have already chosen. They are in the streets to demand a future. We are all in the streets to make sure they get it. It's as basic as that.

Further information about Just Stop Oil and our demands here: <a href="https://www.juststopoil.org">https://www.juststopoil.org</a>

# Just Stop Oil: Protestors stage anti-fossil fuel demonstration in Glasgow

8th May

A demonstration was held in Glasgow city centre by the Just Stop Oil campaign group

## Subscribe to The National this spring

Read the stories that are shaping Scotland right now with a 30 day free trial

Subscribe now

Police say activists marched from the Garnethill area of the city to George Square.

It comes after the group - which is calling for the UK Government to put an end to new fossil fuel projects - took action in Scotland for the first time last week as more than 50 activists blockaded the Nustar oil terminal in Clydebank.

Protestors were asked to leave the demonstration in West Dunbartonshire by police and some who decided not to cooperate were arrested.

The two events mark a shift in strategy for the organisation which has previously targeted oil terminals, tankers, and petrol stations in the Midlands and south-east of England in a bid to disrupt the oil supply to London.

### READ MORE: SNP eye North Lanarkshire takeover after local elections

Members say protests north of the border have been prompted by plans for new oil and gas fields in the North Sea.

Supporters of Just Stop Oil have been arrested more than 1200 times since the campaign began at the beginning of last month.

The UK Government said earlier this week it "would not bend to the will of activists who naively want to extinguish North Sea oil and gas production", arguing doing so would put jobs and energy security at risk.

A statement said: "We are committed to a strong North Sea industry as we transition away from expensive fossil fuels over the coming decades, and our recent British Energy Security Strategy sets out a long-term plan to ramp up cheap renewables and nuclear energy."

Cops said no arrests were made on Sunday.

A Police Scotland spokesperson said: "Around 1.15pm on Sunday, May 8, officers attended a protest march from the Garnethill area of Glasgow to George Square. There were no concerns and the group dispersed around 2.40pm.

"Dolice Scotland is a rights-hased organisation that nuts our values of integrity fairness

Extinction Rebellion activists are currently holding a 'die in' protest at Barclays bank it. the Andrew's Street, Cambridge. The group say they are "occupying" the bank to highlight Barcley's 'investment in fossil fuels' which the group are strongly opposed to.

Around a dozen protesters entered the bank at around 11.45am this morning (Saturday, May 7) holding placards and posters with the slogan "A Better World is Possible. According to a witness the group are sitting on the floor of the bank and have are "doing some colouring in".

### **Read more: Extinction Rebellion news**

Protesters will be holding a 'die in' outside the bank later today, which is where activits lie on the ground pretending to be dead to show the harm that fossil fuels is doing to people around the world. It's understood the group will move out into St Andrew's Street and will likely block traffic from passing while holding their 'die in'.

The group are demanding that Barclays stop using fossil fuels and invest in more renewations sources. This includes wind and solar energy amongst others.

We'll have more updates and pictures coming throughout the day so stay tuned to our live blog for the latest below:

## "Fossil fuels are destroying the planet and leaving us worse off"

One of the activists said: "We are in a cost-of-living crisis - and the rising price of fossil fuels is putting financial strain on all of us and, in the UK alone, could leave 8.5 million in fuel poverty.

"Fossil fuels are destroying the planet and leaving us all worse off. Barclays is a huge, wealthy company and it has the power to invest huge amounts of money in positive, transformative projects like renewable energy, which will ultimately benefit everyone as our energy becomes cheaper, cleaner and more reliable."

## Kingsbury Oil depot protesters use caravan to hide underground tunnel they dug to block tankers

CENTRAL POLITICS ENVIRONMENT KINGSBURY ( Monday 11 April 2022, 12:58pm

Just Stop Oil activists dug a tunnel under a key tanker route to the BP Kingsbury Terminal in Warwickshire Credit: ITV News

Protesters at the Kingsbury Oil Terminal in Warwickshire dug a tunnel under a road to gain access to the site.

The tunnel was concealed by a caravan parked on the roadside, and surrounded by protesters.

The Just Stop Oil group said that as police arrested members, five people remained inside the caravan working on the tunnel on Sunday.

Meanwhile, Warwickshire Police said 29 arrests have been made this weekend in connection with ongoing protest activity at Kingsbury Oil Terminal.

The UK-wide demonstrations have added to fuel shortage problems at the pumps for motorists.

The tunnel was concealed by a caravan parked on the roadside and surrounded by protestors Credit: ITV News

Those taken into custody this weekend in Warwickshire were arrested on suspicion of offences including criminal damage, conspiracy to cause criminal damage and conspiracy to commit public nuisance.

This takes the total number of arrests to 180 since protest activity began on April 1.

In a statement issued by Warwickshire Police on their website on Sunday, Assistant Chief Constable Ben Smith said: "It has been another busy weekend for the force as protesters continue to target the Kingsbury site.

"As a result of unlawful protest activity another 29 people have been arrested and taken into custody.

"This weekend's protest activity has been contained to the Piccadilly Way area and has caused little disruption to the wider community, or to the operations of the oil terminal.

"While we will always recognise and respect the public's right to peaceful protest, we will take action against anyone who breaks the law or causes significant impact on the local community.

"Finally I'd like to thank the public for their ongoing patience and offer reassurance that we continue to do everything we can to minimise disruption to both the local community and the road networks, while trying to ensure Kingsbury are able to undertake their day-to-day operational activity."

- > Will oil protests prevent me from filling up at the pumps?
- > More than 100 arrests during week of protests at Kingsbury oil terminal

# Kingsbury Oil depot protestors dig underground tunnel to block tankers

It is feared their actions could impact fuel supplies across the Midlands.

Petrol supplies could be disrupted in the West Midlands after activists dug a tunnel under a key tanker route to the Kingsbury Oil Terminal in Warwickshire. The tunnel was concealed by a caravan parked on the roadside and surrounded by protesters.

The Just Stop Oil group said that as police arrested members, five people remained inside the caravan working on the tunnel on Sunday. It is feared their actions could impact fuel supplies across the Midlands.

Meanwhile, Warwickshire Police said 29 arrests have been made this weekend in cor ction with ongoing protest activity at Kingsbury Oil Terminal. The UK-wide demonstration veadded to fuel shortage problems at the pumps for motorists.

Reverend Tim Hewes, 71, a retired priest from Wantage, who is one of the tunnellers said: "I'm here because our government is useless, they make a lot of noise but they are doing nothing.

"As a priest I have a duty of care for people, and also for creation. What I'm doing here, with everyone in this caravan, is what our government should be doing – that is trying to protect our families and our loved ones from the appalling future that stands before us. I hope we can continue what we're doing and stop the flow of oil, if the government won't."

The caravan has since been removed from the site.

## Just Stop Oil supporters breach injunction at Kingsbury for the third day in a row

Press / By JSO Press

A group of 8 ordinary people standing peacefully outside the Kingsbury Oil Terminal holding placards are risking arrest today for breaking the Warwickshire injunction. This is the third day in a row that Just Stop Oil supporters have been arrested for nonviolent and non-disruptive protest.

The Just Stop Oil supporters are potentially in breach of an injunction granted to North Warwickshire Borough Council on 14th April. The private injunction gives sweeping powers of arrest to the authorities and appears designed to help the state protect the profits of the oil industry by effectively outlawing any protest activity near the Kingsbury Terminal, the largest inland oil storage depot in the country.[1]

The Just Stop Oil supporters arrested today are likely to face a further charge of contempt of court. If found guilty they face the prospect of unlimited fines and a prison sentence of up to two years.

Emily Brockleback, 23, a student from Leeds, who is taking action for the second time this week at Kingsbury said:

"I have a moral obligation to stand in solidarity with the global south. As a white, middle class woman in the UK, I was born into privilege and thanks to the suffragettes I have both rights and responsibilities. I question, how can I be so passionate about humanity and the lessening of suffering from the climate crisis yet let one more chance of arrest or harsher punishment truly stop me?

"I will break the injunction again. I will continue. You released me. I continued to protest on a damn grass verge. It's your move. Nothing that you threaten to do will scare me into compliance, as I will not comply with a government that values profit over people."

Hannah Torrance Bright, 20, a student from Glasgow, who is taking action for the second time this week at Kingsbury said:

"The government continues to side with the fossil fuel companies, signing our death warrants in the name of profit. I am desperate now and demanding they give young people a chance of a future."

David Nixon, 35 from Barnsley, who is taking action for the second time this week at Kingsbury said:

"I am back here today, continuing to protest against government inaction at the gates of the fossil fuel industry which under a council injunction is illegal. I am risking my liberty because we have a major problem that we are not addressing with the climate crisis and I see no alternative but to act. This is an appropriate response to the emergency."

This is the third day in a row that Just Stop Oil supporters have breached the Warwickshire injunction merely by standing outside the Kingsbury terminal holding placards. 16 Just Stop Oil supporters were arrested outside Kingsbury on Tuesday and released from Birmingham Magistrates court yesterday. Some of that group are taking action again today.

The group of 10 who were arrested at Kingsbury yesterday while standing on the grass verge are facing the courts via video link in Manchester today.

Also in court at Manchester today, two just Stop oil supporters who were arrested on Friday for trespassing in the Kingsbury Oil Terminal.

Just Stop Oil supporters breach injunction at Kingsbury for the third day in a row – Ju... Page 3 of 3

Since April 1st when supporters of Just Stop Oil first began blocking oil terminals there have been over 1050 arrests. The supporters of Just Stop Oil will continue the disruption until the government makes a statement that it will end new oil and gas projects in the UK.

The Just Stop Oil Coalition is calling on all of those whose futures are being destroyed, who are facing poverty now, and who are outraged at yet another betrayal by this continuing dependence on oil and gas, to step up and take action. Join our zoom calls at 7pm. It's 2022 and the time to stand by has passed.

INTERIM INJUNCTION ORDER	

#### PENAL NOTICE

IF YOU THE WITHIN NAMED DEFENDANTS OR ANY OF YOU DISOBEY THIS ORDER OR INSTRUCT OR ENCOURAGE OTHERS TO BREACH THIS ORDER YOU MAY BE HELD TO BE IN CONTEMPT OF COURT AND MAY BE IMPRISONED, FINED OR HAVE YOUR ASSETS SEIZED

ANY OTHER PERSON WHO KNOWS OF THIS ORDER AND DOES ANYTHING WHICH HELPS OR PERMITS THE DEFENDANTS TO BREACH THE TERMS OF THIS ORDER MAY ALSO BE HELD IN CONTEMPT OF COURT AND MAY BE IMPRISONED, FINED OR HAVE THEIR ASSETS SEIZED

On the 5 May, 2022, before Mr Justice Sweeting, sitting at the Birmingham Magistrates' Court, Victoria Law Courts, Birmingham B4 6PH, the Court considered an application by the Claimant to continue, in an amended form, an injunction granted by the Court on 14 April 2022.

UPON hearing the Claimant's said application and an application to discharge the injunction brought by Mr Jake Handling and Ms Jessica Branch (the "Applicants")

AND UPON hearing counsel Mr Manning and Ms Crocombe for the Claimant, and Counsel, Mr Simblet QC for the Mr Jake Handling and Ms Jessica Branch, with no other party attending;

AND UPON considering an application for an interim injunction brought by the Claimant pursuant to the above statutory provisions, inviting the Court to exercise its discretion to grant injunctive relief pursuant to s.37(1) Senior Courts Act 1981

AND FURTHER UPON the Court being satisfied for the purposes of section 12(2) of the Human Rights Act 1998 that the Claimant has taken all practicable steps to notify the Defendants of this application.

AND FURTHER UPON the Court having previously been satisfied for the purposes of section 12(3) of the Human Rights Act 1998 that the Claimant is likely to establish at the trial of this claim that any publication restrained by this Order should not be allowed.

AND FURTHER UPON the Court having particular regard to the importance of the Convention right to freedom of expression but finding in the circumstances, having previously been satisfied that it is just and convenient, and proportionate, to grant injunctive relief in the terms set out herein, pending the trial of this claim.

AND FURTHER UPON the Court having previously been satisfied for the purposes of s.27(3), Police and Justice Act 2006, that there is a significant risk of harm to a person or persons from BA2/62

the conduct prohibited by this Order and that a power of arrest should therefore be granted.

AND pending the court giving its judgment and reaching its decision on the applications mentioned above considering it appropriate to maintain the current position in relation to there being an injunction and a power of arrest until judgment or further order on the applications before the court.

#### IT IS ORDERED THAT

- 1. The Defendants SHALL NOT (whether by themselves or by instructing, encouraging or allowing any other person):
  - (a) organise or participate in (whether by themselves or with any other person), or encourage, invite or arrange for any other person to participate in any protest against the production or use of fossil fuels, at Kingsbury Oil Terminal (the "Terminal"), taking place within the areas the boundaries of which are edged in red on the Map attached to this Order at Schedule 1.
  - (b) in connection with any such protest anywhere in the locality of the Terminal perform any of the following acts:
    - (i) entering or attempting to enter the Terminal
    - (ii) congregating or encouraging or arranging for another person to congregate at any entrance to the Terminal
    - (iii) obstructing any entrance to the Terminal
    - (iv) climbing on to or otherwise damaging or interfering with any vehicle, or any object on land (including buildings, structures, caravans, trees and rocks)
    - (v) damaging any land including (but not limited to) roads, buildings, structures or trees on that land, or any pipes or equipment serving the Terminal on or beneath that land
    - (vi) affixing themselves to any other person or object or land (including roads, structures, buildings, caravans, trees or rocks)
    - (vii) erecting any structure
    - (viii) abandoning any vehicle which blocks any road or impedes the passage any other vehicle on a road or access to the Terminal
    - (ix) digging any holes in or tunnelling under (or using or occupying existing tunnels under) land, including roads;
    - (x) abseiling from bridges or from any other building, structure or tree on land
    - (xi) instructing, assisting, or encouraging any other person to do any act prohibited by paragraphs (b)(i)-(x) of this Order.
- 2. A power of arrest, pursuant to s.27 Police and Justice Act 2006 shall apply to paragraph 1(a) and (b) above.
- 3. This Order and power of arrest shall continue until the hearing of the Claim unless previously varied or discharged by further Order of the Court.
- 4. Any person served with a copy of, or affected by, this Order may apply to the Court to

vary or discharge it, on 48 hours written notice to the Claimant at the address set out at the foot of this Order.

- 5. Pursuant to CPR rules 6.15, 6.27 and 81.4(2) (c) and (d), the Claimant shall be permitted to serve the Claim Form and supporting documents relied on, and this Order and power of arrest, by the alternative methods specified at Schedule 2 to this Order. Reservice of the Claim Form and supporting documents is dispensed with.
- 6. The deemed date of service of the documents referred to at paragraph 5 above shall be the date of the relevant certificate of service on completion of the steps described in Schedule 2 to this Order.

If you do not fully understand this Order you should go to a solicitor, Legal Advice Centre or Citizens' Advice Bureau.

## Name and Address of the Claimant's Legal Representatives

#### **SCHEDULE 2**

- 1. Service of the Claim Form and this Order shall be effected by
  - (i) placing signs informing people of
    - (a) this Claim,
    - (b) this Order and power of arrest, and the area in which they have effect and
    - (c) where they can obtain copies of the Claim Form. Order and power of arrest, and the supporting documents used to obtain this Order

in prominent locations along the boundary of the buffer zone referred to at para.1 of this Order and particularly outside the Terminal and at the junctions of roads leading into the zone,

- (ii) placing a copy prominently at the entrances to the Terminal;
- (iii) posting a copy of the documents referred to at para.1(i)(c) above Order on its website, and publicising it using the Claimant's facebook page and twitter account, and posting on other relevant social media sites including local police social media accounts, and/or.
- (iv) any other like manner as the Claimant may decide to use in order to bring the Claim Form and this Order and power of arrest to the attention of the Defendants and other persons likely to be affected.
- 2. If the Claimant intends to take enforcement proceedings against any person in respect of this Order, the Claimant shall, no later than the time of issuing such proceedings, serve on that person,
  - (i) a copy of the Claim Form and all supporting documents relied on to obtain this Order; and
  - (ii) a copy of this Order and power of arrest.
- 3. The Court will consider whether to join the person served to the proceedings as a named Defendant and whether to make any further Order.

**Subject:** Shell Branded Service Station Injunction – Immediate Action needed

6th May 202

## Shell Branded Service Station Injunction – Immediate Action needed

#### Dear Retailers & Dealers

As you will be aware, the safety of all our employees, business partners and customers is our top priority. We wan to be sure that those who get up in the morning to come to work representing our brand, as well as our customers who rely on our Service Stations, go home and continue their journey safely.

Recently this safety has been put at risk by the actions of protestors at terminals, depots and even Shell forecourts. We respect the right of anyone to protest and are always open to engage, but if anyone's safety is put at risk we do need to take action.

You may be aware that there has been unsafe protest activity at service stations in Surrey, England. In light of the stated intentions of Extinction Rebellion and Just Stop Oil, we consider that there is a serious threat of further, similar unlawful protest activity across our Service Stations and so we have taken steps to secure a Court injunction to protect all Shell Branded Service Stations from these unsafe actions. This injunction has been awarded by the courts and covers all Company owned and Dealer owned service stations in England and Wales. The jurisdiction in Scotland differs to England & Wales and we are now looking into how to similarly protect our sites in Scotland and we will keep you updated accordingly.

The injunction prohibits the following acts:

- blocking or impeding access to any pedestrian or vehicular entrance to a Shell Petrol Station or to a building within the Shell Petrol Station;
- causing damage to any part of a Shell Petrol Station or to any equipment or infrastructure (including but not limited to fuel pumps) upon it;
- operating or disabling any switch or other device in or on a Shell Petrol Station so as to interrupt the supply of fuel from that Shell Petrol Station, or from one of its fuel pumps, or so as to prevent the emergency interruption of the supply of fuel at the Shell Petrol Station.
- affixing or locking themselves, or any object or person, to any part of a Shell Petrol Station, or to any other person or object on or in a Shell Petrol Station;
- erecting any structure in, on or against any part of a Shell Petrol Station;
- spraying, painting, pouring, depositing or writing any substance on to any part of a Shell Petrol Station.
- encouraging or assisting any other person do any of the acts referred to above

In order to ensure that this injunction is fully served and effective we will be including a notice on the Shell UK website (<a href="https://www.shell.co.uk">www.shell.co.uk</a>) that the injunction has been granted, with a separate link to the Court documents.

#### **Immediate Action**

In addition we need every Shell branded Service Station in England and Wales to:

- Clearly print and affix this Warning Notice to each of the locations listed at (a) (c) below. The Warning Notice should be printed in black ink on white or light coloured paper or card sized at minimum A4 (or bigger) and wherever possible made weather-proof (for example, by laminating the Warning Notice or placing it in a clear, sealed, waterproof cover but ensuring always that it is clearly visible through the waterproof cover).
  - a. Each vehicular entrance to the Shell Petrol Station and this should, if available, be placed on the gigantor board/other similar signage such as the "way in" signs;
  - b. Each stanchion (upright steel structure forming part of the canopy infrastructure under which the fue pumps are located) within your Shell Petrol Station; and
  - c. Each door by which anyone can enter any building on your Shell Petrol Station.
- 2. Please take note of the time and date on which you affixed each Warning Notice and who completed that task.
- 3. Find a safe location and take a photograph of the Warning Notice in place at the vehicular entrance(s) to the Shell Petrol Station, ideally this photograph should show the Shell Petrol Station and any other Warning Notices on the stanchions in the background.

Please confirm by return email, <u>using this template</u> and completing the areas highlighted in yellow to confirm that steps 1-3 have been completed and attach the photograph referred to at (3) above, sending this to <u>alex.hamilton@shell.com</u>

Many thanks in advance in completing the above activities as soon as you read this communication. The protection of the order is not effective until the above steps are taken, so please complete this action by return as we aim to receive all confirmations by no later than 10am on Monday 9th May, for all Shell branded service stations in England and Wales. As is normal with injunctions of this nature, there will be a further hearing on Friday, 13 May. Representatives of Extinction Rebellion or Just Stop Oil may appear at that hearing and make arguments that the injunction should be discharged or reduced in scope. We will keep you up to date with any developments.

Should you have any questions with regards to the above, please contact your Commercial Territory Manager

Thanking you in advance for your full co-operation

Kind regards
