Shell Branded Service Station Injunction – Immediate Action needed

Dear Retailers & Dealers

As you will be aware, the safety of all our employees, business partners and customers is our top priority. We want to be sure that those who get up in the morning to come to work representing our brand, as well as our customers who rely on our Service Stations, go home and continue their journey safely.

Recently this safety has been put at risk by the actions of protestors at terminals, depots and even Shell forecourts. We respect the right of anyone to protest and are always open to engage, but if anyone's safety is put at risk we do need to take action.

You may be aware that there has been unsafe protest activity at service stations in Surrey, England. In light of the stated intentions of Extinction Rebellion and Just Stop Oil, we consider that there is a serious threat of further, similar unlawful protest activity across our Service Stations and so we have taken steps to secure a Court injunction to protect all Shell Branded Service Stations from these unsafe actions. This injunction has been awarded by the courts and covers all Company owned and Dealer owned service stations in England and Wales. The jurisdiction in Scotland differs to England & Wales and we are now looking into how to similarly protect our sites in Scotland and we will keep you updated accordingly.

The injunction prohibits the following acts:

- blocking or impeding access to any pedestrian or vehicular entrance to a Shell Petrol Station or to a building within the Shell Petrol Station;
- causing damage to any part of a Shell Petrol Station or to any equipment or infrastructure (including but not limited to fuel pumps) upon it;
- operating or disabling any switch or other device in or on a Shell Petrol Station so as to interrupt the supply
 of fuel from that Shell Petrol Station, or from one of its fuel pumps, or so as to prevent the emergency
 interruption of the supply of fuel at the Shell Petrol Station.
- affixing or locking themselves, or any object or person, to any part of a Shell Petrol Station, or to any other person or object on or in a Shell Petrol Station;
- erecting any structure in, on or against any part of a Shell Petrol Station;
- spraying, painting, pouring, depositing or writing any substance on to any part of a Shell Petrol Station.
- encouraging or assisting any other person do any of the acts referred to above

In order to ensure that this injunction is fully served and effective we will be including a notice on the Shell UK website (www.shell.co.uk) that the injunction has been granted, with a separate link to the Court documents.

Immediate Action

In addition we need every Shell branded Service Station in England and Wales to:

- 1. Clearly print and affix this Warning Notice to each of the locations listed at (a) (c) below. The Warning Notice should be printed in black ink on white or light coloured paper or card sized at minimum A4 (or bigger) and wherever possible made weather-proof (for example, by laminating the Warning Notice or placing it in a clear, sealed, waterproof cover but ensuring always that it is clearly visible through the waterproof cover).
 - a. Each vehicular entrance to the Shell Petrol Station and this should, if available, be placed on the gigantor board/other similar signage such as the "way in" signs;
 - b. Each stanchion (upright steel structure forming part of the canopy infrastructure under which the fuel pumps are located) within your Shell Petrol Station; and
 - c. Each door by which anyone can enter any building on your Shell Petrol Station.
- 2. Please take note of the time and date on which you affixed each Warning Notice and who completed that task.
- 3. Find a safe location and take a photograph of the Warning Notice in place at the vehicular entrance(s) to the Shell Petrol Station, ideally this photograph should show the Shell Petrol Station and any other Warning Notices on the stanchions in the background.

Please confirm by return email, <u>using this template</u> and completing the areas highlighted in yellow to confirm that steps 1-3 have been completed and attach the photograph referred to at (3) above, sending this to <u>alex.hamilton@shell.com</u>

Many thanks in advance in completing the above activities as soon as you read this communication. The protection of the order is not effective until the above steps are taken, so please complete this action by return as we aim to receive all confirmations by no later than 10am on Monday 9th May, for all Shell branded service stations in England and Wales. As is normal with injunctions of this nature, there will be a further hearing on Friday, 13 May. Representatives of Extinction Rebellion or Just Stop Oil may appear at that hearing and make arguments that the injunction should be discharged or reduced in scope. We will keep you up to date with any developments.

Should you have any questions with regards to the above, please contact your Commercial Territory Manager

Thanking you in advance for your full co-operation

Kind regards
